Harrison Ford Virginia Luzón-Aguado 2020-05-28 Harrison Ford is known for such iconic roles as Han Solo, Indiana Jones and Rick Deckard - but his career of 50 years (and counting) encompasses a plethora of other thought-provoking roles. His off-screen persona has been no less intriguing. Covering a wide timespan, this book assesses Harrison Ford as 'star' from the difficult Hollywood studio years where he began, his blockbusters of the 1980s, through to the impact of ageist culture on his

artistry of recent years. The author argues that Ford has generally been seen as a potent, irresistible combination of tradition and modernity. He is an actor who both reflects and utilises changing ideas about American masculinity in the context of Hollywood film production: particular male types are revealed as much in his trademark trustworthy hero act as in his more fallible, less conservative and therefore commercially riskier characters. Luzon Aguado explores these particular star identities and every fluctuation in between. She gives due attention to his much-neglected acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre. Going beyond standard accounts of Ford's production and pinpointing overlooked aspects of his work, and the creation of the star through cultural artefacts like magazine interviews and advertising campaigns, this book reveals the depth and dimensions of the enduring American screen legend that is Harrison Ford.

Perspectives on Richard Ford Huey Guagliardo 2010-01-06 At a time when Richard Ford was considering giving up writing fiction, suddenly he was hailed in Newsweek as "one of the best writers of his generation." Then Ford's *The Sportswriter* (1986), the story of suburbanite Frank Bascombe's struggle to survive loneliness and great loss, was published to great acclaim. Its sequel, *Independence Day* (1995), was the first novel to

win both the Pulitzer Prize and the PEN/Faulkner Award. With three other novels, a well-received volume of short stories, and a trilogy of novellas to his credit, Ford was firmly established as a major literary figure. The nine essays in this volume demonstrate that Ford, like few other writers of his time, powerfully depicts what it feels like to live in the secular late-twentieth-century world, a dangerous and uncertain place where human relationships are impoverished and human existence is empty and alienated. *Perspectives on Richard Ford*, the first book-length examination of Richard Ford's fiction, is a reader's essential companion for studying the works of one of America's most outstanding contemporary writers.

Henry Ford's War on Jews and the Legal Battle Against Hate Speech

Victoria Saker Woeste 2012-06-27 Henry Ford is remembered in American lore as the ultimate entrepreneur—the man who invented assembly-line

manufacturing and made automobiles affordable. Largely forgotten is his side career as a publisher of antisemitic propaganda. This is the story of Ford's ownership of the Dearborn Independent, his involvement in the defamatory articles it ran, and the two Jewish lawyers, Aaron Sapiro and Louis Marshall, who each tried to stop Ford's war. In 1927, the case of *Sapiro v. Ford* transfixed the nation. In order to end the embarrassing litigation, Ford apologized for the one thing he would never have lost on in court: the offense of hate speech. Using never-before-discovered evidence from archives and private family collections, this study reveals the depth of Ford's involvement in every aspect of this case and explains why Jewish civil rights lawyers and religious leaders were deeply divided over how to handle Ford.

How to make a Billion Leones from home LAWRENCE SPENCERCOKER 2012-05-08 My name is How To Make A Billion Leones From Home, and I am a book. Not any old book. A special book! I am special; not because I was written to make you wealthy, which I was. Ohh no! I have the special distinction of having been written with Sierra Leone in mind. You see, relative to the total number of books written every year, not many books are written with Sierra Leone in mind. So, I am chuffed to be alive and in your hands right now. Really chuffed!!! You give me life!

The Power of One Nirmal Pal 2003 Customer satisfaction, employee productivity, and overall business efficiency are exponentially increased when companies exploit the tremendous customization potential of Internet applications. The Power of One brings together some of the greatest minds in e-business, marketing, and information technology. The all-star roster represents corporate giants like IBM, Xerox, and AT&T Wireless as well as world-renowned academic institutions including Penn State, Georgia Tech, University of Texas, and Carnegie Mellon. Their combined work is the first and last word on value delivery through personalized

products and services, taking the reader through every component of "customerization," including: * The business benefits and impact * Implementing and managing technology * Personalization in mobile commerce * Maximizing fulfillment and customer service * Ensuring security and privacy * Much more. Businesses thrive by reaching as many customers as possible. The Power of One is about reaching all of them -- one at a time.

Gerald Ford and the Challenges of the 1970s Yanek Mieczkowski

2005-04-22 "In the author's reassessment of this underrated president, Ford emerges as a skilled executive, an effective diplomat, and a leader with a clear vision for America's future. Working to heal a divided nation, Ford unified the GOP and laid the groundwork for the Republican resurgence in subsequent decades."--BOOK JACKET.

John Ford's Westerns William Darby 2006-08-16 John Ford's early Westerns reflect an optimistic view of society and individual capacity; as his thematic vision evolved, he became more resigned to the limitations of humanity. His thematic evolution was evident in other films, but was best shown in his Westerns, with their stark depictions of the human condition. Ford's sound Westerns and his major silent films are compared in this work, revealing how his creative genius changed over time. A complete filmography of Ford's Westerns is also provided.
